In the specification, page 1, line 7, after "January 9, 2001" inserted – now abandoned--

EXAMINER'S COMMENT

2. In the Remarks submitted on 1/18/2006, applicant argues that the non-patent photograph of the spacer used as the basis for the rejection § 103(a) rejection, is actually the applicant's present invention, which was offered for sale in early 2001 and after the applicants' filing date of 1/9/2001. This argument is persuasive, and the rejection made in view of this photograph to claims 1-5 is withdrawn. All claims are currently in condition for allowance.
